Instructions for Authors

1. Pathology

Original articles will be considered for publication if they relate to the science of pathology in its broadest sense, including anatomical pathology, chemical pathology and biochemistry, cytopathology, experimental pathology, forensic pathology and morbid anatomy, genetics, haematology, immunology and immunopathology, microbiology and molecular pathology. Acceptance of a contribution is conditional upon the work described being original.

In addition to original articles, Pathology Manuscripts must be written in English and prepared in accordance with the Uniform Requirements for Manuscripts Submitted to Biomedical Journals as published in Nov. 4, 1997: 7, 441–8 and reprinted in 1997; 29: 441–7. Authors are also referred to recent copies of the journal and are encouraged to copy exactly.

Authors are referred to recent copies of the journal and are encouraged to copy exactly. Figures (illustrations, graphs and diagrams) should be supplied in jpg format at a minimum resolution of 300 d.p.i. All figures and photographs must be legible and fit within the text.
