Journal of RECEPTORS AND SIGNAL TRANSDUCTION

Instructions for Authors

Aims and Scope

Journal of Receptors and Signal Transduction presents a forum for the rapid publication of laboratory and clinical research on biological receptors and associated signal transduction pathways for hormones, growth factors, drugs, and ligands involved in the immune response. Topics such as physiochemical properties, modeling, molecular biology, molecular genetics, pathology of receptors and signal transduction pathway components (second messenger, enzymes, ionic channel, etc.), and receptor-ligand interactions will be accommodated. Categories of manuscripts include full papers, rapid communications, and minireviews (solicited and unsolicited).

Submission of Manuscripts. Manuscripts should be submitted to the Managing Editor/Editor for Europe/Africa-Dr. Alex N. Eberle, University Hospital, Dept. of Research, Klingelbergstrasse 23, CH-4031, Basel, Switzerland or emailed to Alex-N.Eberle@unibas.ch. Manuscripts are submitted with the understanding that they are original unpublished works and are not being submitted elsewhere. Authors are responsible for obtaining permission to reproduce copyrighted material from other sources and are required to sign an agreement for the transfer of copyright to the publisher.

A manuscript must be concise and typed double-spaced. Submit in triplicate. On the title page, include full names of authors, academic or professional affiliations, and complete address for the corresponding author. Reference lists, tabular material, and figure legends should be typed on separate sheets. Footnotes to the text are numbered consecutively with superscript Arabic numbers. Full-length submissions should include an abstract of up to 150 words. Authors are strongly encouraged to submit manuscripts on disk. The disk should be prepared using WordPerfect or MS Word and should be clearly labeled with the authors’ names, file name, and software program.

References. Citation in the text is by author and date (Smith, 1999). References should be arranged alphabetically at the end of the manuscript and follow the style below:

Journal:

Periodical abbreviations should follow the style given by Index Medicus. For references with more than three authors, list the first two authors followed by et al.

Illustrations. Illustrations submitted (line drawings, halftones, photos, photomicrographs, etc.) should be clean originals or digital files. Digital files are recommended for highest quality reproduction and should follow these guidelines:

- 300 dpi or higher
- sized to fit on journal page
- EPS, TIFF, or PSD format only
- submitted as separate files, not embedded in the text

Color illustrations will be considered for publication; however, the author will be required to bear the full cost involved in their printing and publication. The charge for the first page with color is $900.00. The next three pages with color are $450.00 each. A custom quote will be provided for color art totaling more than 4 journal pages. Good-quality color prints or files should be provided in their final size. The publisher has the right to refuse publication of color prints deemed unacceptable.

Tables and Figures. Tables and figures (illustrations) should not be embedded in the text, but should be included as separate sheets or files. A short descriptive title should appear above each table with a clear legend and any footnotes suitably identified below. All units must be included. Figures should be completely labeled, taking into account necessary size reduction. Captions should be typed, double-spaced, on a separate sheet. All original figures should be clearly marked in pencil on the reverse side with the number, author’s name, and top edge indicated.

Proofs. Page proofs are sent to the designated author. They must be carefully checked and returned within 48 hours of receipt.

Offprints. The corresponding author of each article will receive one complete copy of the issue in which the article appears. Offprints of an individual article may be ordered from Taylor & Francis. Use the offprint order form included with page proofs.
