

## INSTRUCTIONS TO AUTHORS

**Aims and Scope** : Ophthalmic Genetics accepts original papers, review articles, and short communications on the clinical and molecular genetic aspects of ocular diseases, including tumors such as retinoblastoma.

All manuscripts are to be submitted via the Manuscript Central site <http://mc.manuscriptcentral.com/nopg>. Paper manuscripts are not accepted.

Each manuscript must be accompanied by a statement that it has not been published elsewhere and that it has not been submitted simultaneously for publication elsewhere. Authors are responsible for obtaining permission to reproduce copyrighted material from other sources and are required to sign an agreement for the transfer of copyright to the publisher. All accepted manuscripts, artwork, and photographs become the property of the publisher.

All parts of the manuscript should be typewritten, double-spaced, with margins of at least one inch on all sides. Number manuscript pages consecutively throughout the paper. The title page should include (1) title of article; (2) authors' names and affiliations at the time the work was conducted; (3) corresponding author's address, e-mail address, and telephone number; (4) shortened version of the title suitable for the running head, not exceeding 50 character spaces; (5) an unnumbered footnote listing the address for reprint requests and any acknowledgements.

Each article should be summarized in a structured abstract with sections on background, materials and methods, results and conclusions. Avoid abbreviations, diagrams, and reference to the text in the abstract. Up to five key words should be listed beneath the abstract.

The text should be divided into the following sections:

INTRODUCTION

MATERIALS AND METHODS

RESULTS

DISCUSSION

ACKNOWLEDGMENTS

REFERENCES

**References:** Cite in the text by reference number. Prepare a numbered reference list. Examples:

*Journal*: Seddon JM, Ajani UA, Mitchell BD. Familial aggregation of age-related maculopathy. *Am J Ophthalmol.* 1997;123:199—206.

*Book*: Shields JA, Shields, CL. Intraocular tumors: a text and atlas. Philadelphia, PA: WB Saunders. 1992; 319.

*Contribution to a Book*: McCulloch C. Choroideremia and other choroidal atrophies. In: Newsome DA, editor. Retinal dystrophies and degenerations. New York: Raven Press, 1988; 285—295.

**Illustrations:** Illustrations submitted (line drawings, halftones, photos, photomicrographs, etc.) should be clean originals or digital files. Digital files are recommended for highest quality reproduction and should follow these guidelines:

- 300 dpi or higher
- Sized to fit on journal page
- EPS, TIFF, or PSD format only
- Submitted as separate files, not embedded in text files

Color illustrations will be considered for publication; however, the author will be required to bear the full cost involved in their printing and publication. The charge for the first page with color is \$900.00. The next three pages with color are \$450.00 each. A custom quote will be provided for color art totaling more than 4 journal pages. Good-quality color prints should be provided in their final size. The publisher has the right to refuse publication of color prints deemed unacceptable.

**Tables and Figures:** Tables and figures (illustrations) should not be embedded in the text, but should be included as separate sheets or files. A short descriptive title should appear above each table with a clear legend and any footnotes suitably identified below. All units must be included. Figures should be completely labeled, taking into account necessary size reduction. Captions should be typed, double-spaced,

on a separate sheet. All original figures should be clearly marked in pencil on the reverse side with the number, author's name, and top edge indicated.

**Proofs:** Page proofs are sent to the designated author using Informa Healthcare's EProof system. They must be carefully checked and returned within 48 hours of receipt.

**Offprints/Reprints:** The corresponding author of each article will receive one copy of the issue in which the article appears. Reprints of individual articles are available for order at the time authors review their page proofs. A discount on reprints is available to authors who order before print publication.
