CALL FOR PAPERS

Evaluation & Research in Education

Meet the Editor of *Evaluation & Research in Education*

Professor Keith Morrison has worked in higher education in the UK, Hong Kong, Malaysia, Singapore and currently at Macau University of Science and Technology. He is the author of thirteen books, including *Research Methods in Education* (6th edition), *A Guide to Teaching Practice* (5th edition) and *Causation in Educational Research*. He has conducted consultancies for governments and institutions in several parts of the world. His current interests include research methodology and evaluation, critical theory and education, management and leadership, and curriculum and assessment.

An introduction to *Evaluation & Research in Education*

Evaluation & Research in Education aims to make methods and contents of evaluation and research in education available to teachers, administrators and research workers. Papers published in the quarterly journal: (1) report evaluation and research findings; (2) treat conceptual and methodological issues; and/or (3) consider the implications of the above for action. There is an extensive book reviews section and also occasional reports on educational materials and equipment.

Why submit your article to *Evaluation & Research in Education*?

Wide dissemination

Through excellent international reach, both in print and online, publishing in *Evaluation & Research in Education* ensures that your article is seen, read and cited by your research community.

Fast and professional peer review

All research articles in *Evaluation & Research in Education* undergo a stringent peer review process, based on initial editor screening and anonymized refereeing by at least two undisclosed referees.

Pre-submission inquiries

The Editor welcomes informal inquiries from potential contributors at kmorrison@must.edu.mo

Author Support from Routledge

The Author Services Department at Routledge aims to enhance your publishing experience and to optimize the impact of your article in the global research community. Support is available, from preparing and submitting your article, through to setting up citation alerts post-publication.

Visit www.tandf.co.uk/journals/authorservices for details.
