

Invitation to Submit a Review Paper

International Review of Sport and Exercise Psychology

Editor: Aidan Moran -University College Dublin, Ireland

International Review of Sport and Exercise Psychology (IRSEP) is the first scholarly, peer-reviewed journal that publishes critical reviews of research literature in sport and exercise psychology. Although research on sport and exercise psychology is expanding rapidly, it is difficult to locate comprehensive, authoritative and up-to-date literature reviews in this field.

In an attempt to fill this major gap, *IRSEP* welcomes submissions containing substantial (up to 8,000 words in length) critical and integrative reviews of the research literature in sport and exercise psychology. Ideally, such scholarly papers should summarise the current state of knowledge about a given topic or question, provide critical assessments of the strengths and weaknesses of previous studies in the field, evaluate relevant conceptual and methodological issues, identify emerging trends in the literature and outline potentially fruitful avenues for further research.

For further information on the Journal and a fully searchable sample copy, please visit the website at: www.tandf.co.uk/journals/irsep

To submit a paper to this exciting new journal:

Please visit the IRSEP Manuscript Central site at:
