The Guest Editors invite you to submit your papers for this special issue of the Journal of Modern Optics

Lorenzo M. Narducci was an excellent scientist, dedicated teacher, impartial editor and a strong influence in the lives of many practising physicists of today. He made many contributions in fields of laser physics, coherence theory and atomic physics, educated many undergraduate and graduate students, and served as Editor for *Optics Communications* and *Physical Review A*.

We invite contributions in the general fields of laser physics, coherence theory and atomic physics for publication in a special issue dedicated to the memory of Lorenzo M. Narducci.

If you are interested in submitting a manuscript with a short personal dedication please contact Frank A. Narducci, Guest Editor, at frank@aps.org.

Final papers will be due on October 31st 2009.

Papers will be peer-reviewed and those accepted will be published as a collection in the Memorial Issue.

Submission Guidelines

All papers for consideration should be submitted online at the *Journal of Modern Optics Manuscript Central™* site at: <http://mc.manuscriptcentral.com/tmop>. Please include on the title page that the paper is intended for the special issue "*Festschrift in honour of Lorenzo Narducci*". More information is available at the Journal homepage at www.tandf.co.uk/journals/jmo under the "Instructions for Authors" tab.
