As a NESLi member institution, you are entitled to a **75%** discount on Gold open access article publishing charges (APCs) via our NESLi APC Allowance scheme, making APCs **£450** (plus VAT).

How do I know how many vouchers my institution is entitled to? Simply email apc@tandf.co.uk and we can provide an update on how many vouchers you have left to use. We will keep a log of all vouchers that you have used.

Which journals does the discount apply to? The discounted APCs will be applied to all open access articles published in Taylor & Francis hybrid journals. These journals will have the Open Select logo on the journal’s homepage. The medical titles are excluded from this discount agreement.

How long are the vouchers valid for? The discounted APCs are valid for 12 months from the agreement start date, (1st January 2015). On 1st January 2016 you will be re-allocated vouchers, the number of which will be based on your subscription spend with Taylor & Francis.

Can the discounted APCs be used retrospectively? Yes. If you would like to make a previously published article open access, speak to your library to find out whether your article is eligible for this.
