

# EDPACS: The EDP, Audit, Control, and Security Newsletter Greatest Hits

Editor-in-Chief Dan Swanson has chosen the top 18 articles from the last eight years of **EDPACS** to create a list of **EDPACS Greatest Hits**. As each new article is unveiled, it will be **FREE** to access for 30 days.

Check back every month! A new Greatest Hits article will be added here as each new issue of 2011 is published.

**The following articles are now FREE to view for 30 days!**

**Understanding the new Information risks: The Requirement for a New Information Security Conceptual Framework** by *Robert Garigue*, Volume 35, Issue 3  
<http://www.informaworld.com/10.1080/07366980701292878>
