## *Leisure Sciences*

———— Call for Editors! ————

***Leisure Sciences is searching for new editors  
for Volume 32, 2010!***

***Leisure Sciences*** presents scientific inquiries into the study of leisure, recreation, parks, travel, and tourism from a social science perspective. Articles cover the social and psychological aspects of leisure, planning for leisure environments, leisure gerontology, travel and tourism behavior, leisure economics, and urban leisure delivery systems. Also published are methodological notes and philosophical and policy treatises, calendars of research meetings and conferences, announcements, and book reviews.

The interdisciplinary diversity of topics makes this international forum for leisure research of special interest to academicians, consultants, students, bureaucrats, and practitioners involved in research, teaching, planning, management, administration, and promotion.
