

Special Subscription Offer for *New Review of Information Networking*

Taylor & Francis is pleased to offer discounted subscriptions to *New Review of Information Networking* to members of The Chartered Institute of Library and Information Professionals (CILIP). CILIP members can now subscribe to *RINN* at a reduced rate of **\$42 USD/£26 GBP/€34 EUR**, a substantial discount off of the regular individual subscription rate. Individual members of CILIP wishing to subscribe to the journal may do so directly; simply identify yourself as a member of The Chartered Institute of Library and Information Professionals in order to receive the society discount.

New Review of Information Networking (ISSN 1361-4576), published biannually, provides an expert source on the needs and behavior of the network user; the role of networks in teaching, learning, research and scholarly communication; the implications of networks for library and information services; the development of campus and other information strategies; the role of information publishers on the networks; policies for funding and charging for network and information services; and standards and protocols for network applications.
