

# **JOURNAL OF APPLIED STATISTICS**

## **“GOPAL KANJI PRIZE”**

**2009**

**The Journal of Applied Statistics and Routledge are delighted to announce the annual prize for the best article published in the journal**

**Winners are: Professor Rabindra Nath Das & Professor Sung H. Park**

**Article: “A measure of robust slope-rotatability for second-order response surface experimental designs”**

**Vol. 36 No. 7 pp 755-767**

**Joint Runners up are: SSK Haputhantri, J Moreau, and S Lek**

**Article: “Exploring gillnet catch efficiency of sardines in the costal waters of Sri Lanka by means of three statistical techniques: a comparison of linear and nonlinear modelling techniques”**

**Vol.36, No. 2 pp 167-179**

**And**

**NR Parsons, SG Gilmour, and R N Edmondson**

**Article: “Analysis of robust design experiments with time- dependent ordinal response characteristics: a quality improvement study from the horticulture industry”**

**Vol. 36, No 9 pp 1037-1054**

**The winning article will be published on the JAS web page and the winners will receive a free subscription to the journal for a year as well as a £500 cash prize**

**Runners up will receive a free subscription of JAS for a year.**
