

Thank you (2007-08)

It is a pleasure to thank the referees who have given so generously of their time and expertise over the last year to comment on the suitability for publication of submissions to the *Journal of Ethnic and Migration Studies*. The reports prepared by external referees are a crucial element in the journal's success. The response received from authors, to whom the reports are sent anonymously, suggests that they also greatly appreciate the thoughtful and constructive observations upon their work.
