

Journal of Nonparametric Statistics
Best Paper Award and Best Student Paper Award

Journal of Nonparametric Statistics and the ASA Section on Nonparametric Statistics are pleased to offer an **annual award for the Best Paper** published in the Journal.

The winning article will receive additional promotion as the Best Paper and will be made freely available on the Taylor & Francis website for a limited period. The winning author will receive GB £500.

2008 Best Paper Award

Approximating data with weighted smoothing splines

P.L. Davies and M. Meise

Published in volume 20, number 3, April 2008, 207-228

Click [here](#) to view this article

2009 Best Paper Award

Parametric versus nonparametrics: two alternative methodologies

Erich L. Lehmann

Published in volume 41, number 4, May 2009, 397-405
