

## Library Recommendation Form

Dear Librarian

I would like to recommend the following peer-reviewed journal for library subscription. Please include it in your next serials review meeting.

Journal Title: ***Journal of Mathematics and the Arts***

URL: [www.tandf.co.uk/journals/JMA](http://www.tandf.co.uk/journals/JMA)

ISSN: Print 1751-3472; Online 1751-3480

Frequency: Volume 4 (2010), 4 issues per volume

This innovative new journal publishes articles of interest for readers who are engaged in using mathematics in the creation of works of art, who seek to understand art arising from mathematical or scientific endeavors, or who strive to explore the mathematical implications of artistic works. The term "art" is intended to include, but not be limited to, two and three dimensional visual art, architecture, drama (stage, screen, or television), prose, poetry, and music.

Institutional subscriptions include online access to the Journal's archive (back to 1997) in addition to articles posted online ahead of publication. This Journal is also available as part of Taylor & Francis' New Launch Library. For more information on our online packages and subscription options please visit [www.tandf.co.uk/libsite](http://www.tandf.co.uk/libsite).

I think that this publication would be a useful addition to our library for the following reasons:
