

***Journal of Statistical Computation and Simulation*: free access to selected 2008 articles**

Taylor & Francis are delighted to offer free online access to the following collection of 2008 articles published in *Journal of Statistical Computation and Simulation*:

[Properties and comparison of estimation methods in a log-linear generalized linear mixed model](#)

Kerrie P. Nelson and Brian G. Leroux

Journal of Statistical Computation and Simulation, 78:3 (2008), 367-384, DOI: 10.1080/10629360601023599

[Analysis of left censored data from the generalized exponential distribution](#)

Sharmishtha Mitra and Debasis Kundu

Journal of Statistical Computation and Simulation, 78:7 (2008), 669-679, DOI: 10.1080/00949650701344158

[Simulation-assisted saddlepoint approximation](#)

R.W. Butler, R.K. Sutton, J.G. Booth and P. Ohman Strickland

Journal of Statistical Computation and Simulation, 78:8 (2008), 731-745, DOI: 10.1080/00949650601119833

[Improved likelihood inference for the shape parameter in Weibull regression](#)

Michel Ferreira Da Silva, Silvia L.P. Ferrari and Francisco Cribari-Neto

Journal of Statistical Computation and Simulation, 78:9 (2008), 789-811, DOI: 10.1080/00949650701421964

[New innovational outlier unit root test with a break at an unknown time](#)

Stephan Popp

Journal of Statistical Computation and Simulation, 78:12 (2008), 1145-1161, DOI: 10.1080/00949650701411429

In order to claim this free access, please visit www.informaworld.com and click on 'Got a Voucher?' You will then be prompted to enter the voucher code below and register on the site if you haven't previously done so. Once the voucher is accessed the articles will be available for 30 days.

Please enter VOUCHER CODE: **VSTCOCC0001OFFO**

For further information on the Journal, including style guidelines for submissions, please visit www.tandf.co.uk/journals/JSCS.
