

REVIEWS EDITOR

Studies in the History of Gardens & Designed Landscapes is looking for a reviews editor to take over the work that Tracy Erlich has so admirably performed for the last six years.

ABOUT THE JOURNAL

Studies in the History of Gardens & Designed Landscapes addresses itself to readers with a serious interest in the subject, and is now established as the main place in which to publish scholarly work on all aspects of garden history.

The journal's main emphasis is on detailed and documentary analysis of specific sites in all parts of the world, with focus on both design and reception. The journal is also specifically interested in garden and landscape history as part of wider contexts such as social and cultural history and geography, aesthetics, technology, (most obviously horticulture), presentation and conservation.
