The Impact of H₂ Addition on Dechlorinating Microbial Communities in Soil

Columns, X. Ma, P. J. Novak, J. Ferguson, M. Sandowsky, T. M. LaPara, M. J.

Semmens, and R. M. Hozalski

Volume 11, Issue 2, pp. 45-55

Field Evidence for Intrinsic Aerobic Chlorinated Ethene Cometabolism by Methanotrophs Expressing sMMO

Ryan A. Wymore, M. Hope Lee, William K. Keener, Amber R. Miller, Frederick S.

Colwell, Mary E. Watwood, and Kent S. Sorenson, Jr.

Volume 11, Issue 3, pp. 125-139

Options for In Situ Remediation of Soil Contaminated With a Mixture of Perchlorinated Compounds

Adrian Low, David Schleheck, Muoi Khou, Vibeke Aagaard, Matthew Lee, and Mike Manefield

Volume 11, Issue 3, pp.113-124

Increased Capacity for Polycyclic Aromatic Hydrocarbon Mineralization in Bioirrigated Coastal Marine Sediments

Michael T. Montgomery, Christopher L. Osburn, Yoko Furukawa, and Joris M. Gieskes

Volume 12, Issue 2, pp. 98-110

Biodegradation of Naphthalene by *Pseudomonas stutzeri* in Marine Environments: Testing Cells Entrapment in Calcium Alginate for Use in Water Detoxification

L. Feijoo-Siota, F. Rosa-Dos-Santos, T. de Miguel, and T. G. Villa

Volume 12, Issue 4, pp. 185-192
