

Dear Boria,

I write to thank you for all you did to make the History Conference at Oxford such a great success. The content and the venue were excellent and I am so grateful to you for coming up with the idea of the Conference and subsequently working closely with Brian and Lucy to ensure the concept was delivered efficiently.

With renewed thanks and kind regards.

Yours sincerely,

David Morgan  
President of the International Cricket Council

Boria,

Just to say how much I enjoyed your conference, how well organized it was and how much useful and interesting information it provided. Well done. I know how difficult these things are particularly when people like myself alter arrangements at the last minute!

Very kind regards

Charles Fry

Congratulations Boria on arranging a splendid Conference.

It would be great for cricket if such a conference could take place in another part of the world every two or three years. I feel confident that something could be arranged in Wellington in the future.

Don Neely
